Download RaiderZ

To download

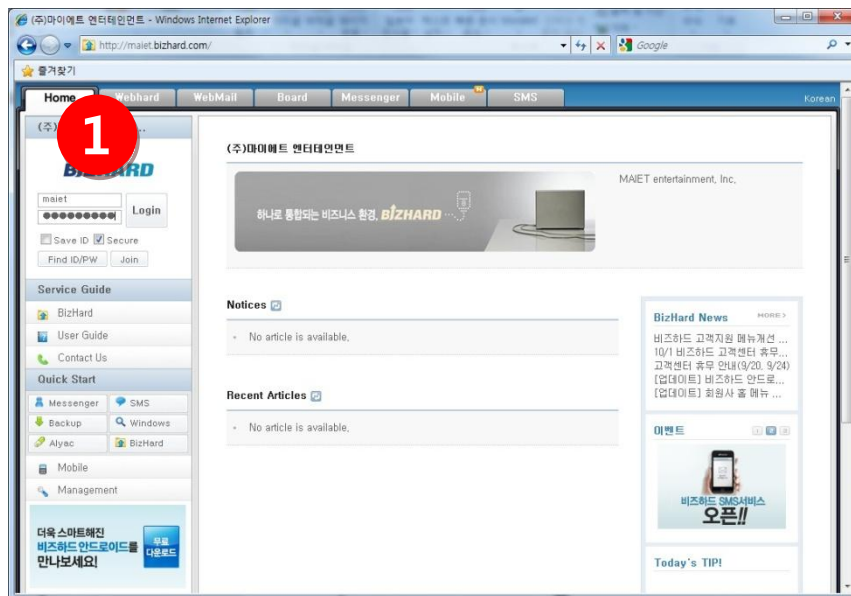

The RaiderZ installation file is distributed at MAIET webhard.

You can connect to MAIET webhard (<http://maiet.bizhard.com/en/>) by using web browser.

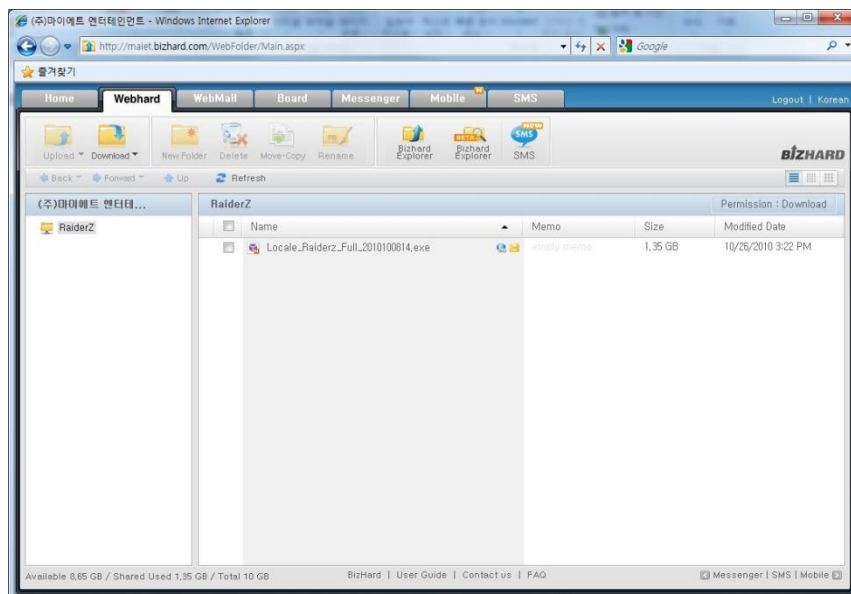

Type in the below information on the upper left corner ①, where you should type in the account information, then press Login button.

ID: maiet

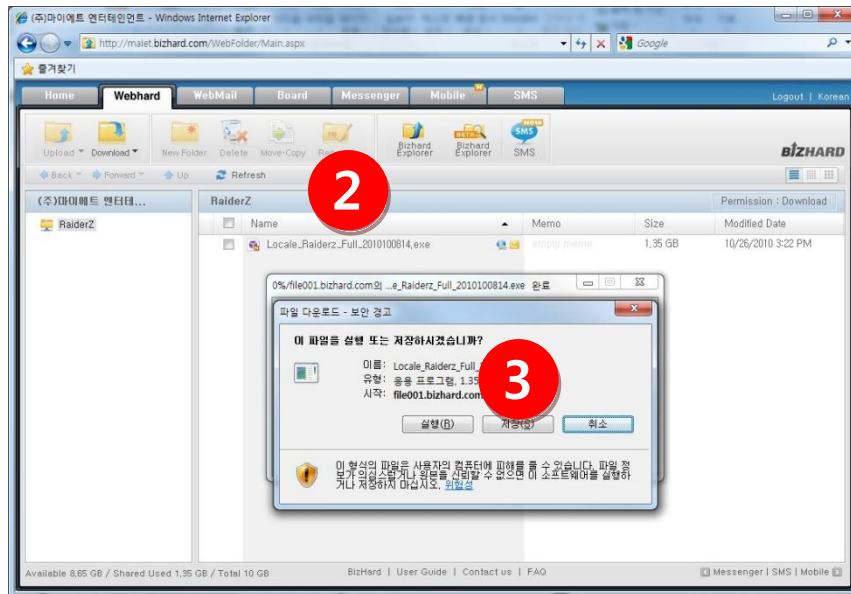

Password: maiet1248

The installation file is located at RaiderZ folder in the webhard.

Click the file name ② and press "save ③" to download the installation file.

Recommended specification

The recommended specification for the hardware to run RaiderZ is the following.

CPU: Intel Pentium 4 2.0G / AMD Sempron 2800
VGA: GeForce 8800
RAM: 2GB
HDD: 4GB
OS: Windows 2000, 2003, XP, Vista, 7

The project is still developing and working for optimization. The video card specification will be lower after optimization.
